Shimla, Himachal Pradesh  
July 2017 – July 2021

## **TECHNICAL SKILLS**

---

**Quadient Tools :** Inspire Designer, Inspire Interactive

**Languages :** C#, HTML, CSS, Python

**Databases :** DBMS, SQL

**Others :** AWS , Networking , JIRA, Linux

## **EXPERIENCE**

---

**Quadient Developer**  
BelWo Services (India) Private Limited

May 2022 – Present  
Remote – Mohali, Punjab

- Experience of 2.5 years as a Quadient Developer.
- I worked for an Insurance company (Northbridge Financial Corporation) where I manually tested workflow-generated PDF documents for the refactoring project.
- In my second project, I worked for the Compumail client and created workflows for letters and statements. I also developed and delivered 20 applications for the project.
- I created a transactional document covering all scenarios in Inspire Interactive and delivered knowledge transfer (KT) sessions for training purposes.
- Perform BRD analysis and develop approach and time estimation for client projects.

## **EMPLOYMENT HISTORY**

---

- I created and managed advanced workflows in Inspire Designer using modules such as Imposition script, layout, Data processing modules, and sheet modules. Collaborating with diverse clients through their user stories, I successfully met their requirements. I also led a small team within the projects, providing guidance tailored to their needs.

## **ROLES AND RESPONSIBILITIES**

---

- Development, Designing, Coding.
- Collaborate with team members and adhere to all standards.
- Provide regular progress updates,
- Analyze BRD and develop project approach and time estimation.
- Creating and maintaining workflows, templates, and documents.
- Testing and debugging solutions to ensure they meet quality standards.
